

# CONTIKI REPORTING

SUMMARIZE ANALYZE VISUALIZE

**CONTIKI REPORTING puts you in charge. Imagine the right information in a format that appeals to you – whenever and wherever you need it. With Contiki Reporting you will unleash the full potential of your contract management investment.**

CONTIKI REPORTING is a flexible and powerful reporting and data analysis tool that lets you extract and combine information from virtually any data source. With Contiki Reporting you will always have access to accurate and up-to-date information about your commitments.

CONTIKI REPORTING will increase the quality of decisions made, support negotiations, reduce risk and improve operational performance.

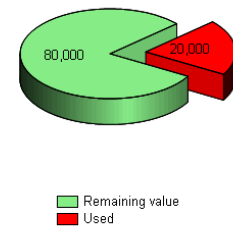

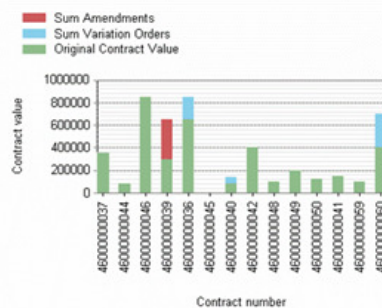

Contikis powerful graphical presentation transforms data into meaningful business information

Have your reports delivered to your inbox at end of quarter or create a tailored report on-the-fly. Drill up and down through layers of information. Click report data to open contracts, documents and projects in Contiki, all seamlessly integrated.

Securely deliver and explore your reports on e.g. orders, supplier performance, process and contractual compliance and spend. Present using trend graphs and projections, pie-charts or pivot tables and share them internally and externally; Contiki Reporting does it all.

**PROJECT COST: Project # 4033 Drilling Project**
